

# Coronado High School Band Boosters

## School Year 2011-2012

### Membership Application/Renewal

Welcome parents, alumni and other interested community members! You are invited to join the Coronado High School Band Boosters! The band boosters exist to support the students and the band program. The boosters provide fundraising to give the band financial support and provide the manpower to support the needs of the band. Much more than that, the band boosters are a family of people with a common passion who support each other. All it takes to become a member is a \$5 membership fee per person.
